A LITTLE ABOUT RUSSIAN FEDERATION

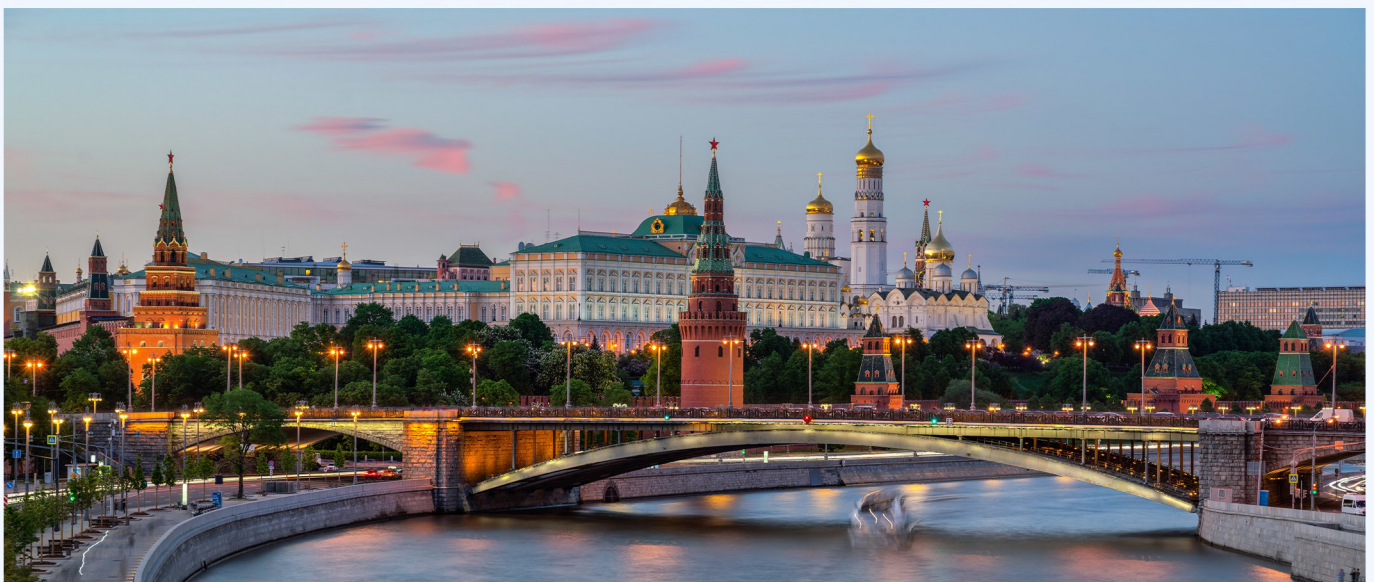

RUSSIA

Russia, officially known as Russian Federation, is a country in Eastern Europe with a vast expanse of territory that stretches across Northern Asia. Russia is the largest country in the world by its area, covering more than one-eighth of the Earth's inhabited land area. At 17,125,200 square kilometres, spanning eleven time zones, and bordering 18 sovereign nations. About 146.79 million people live in the country, making Russia the ninth most populous nation in the world and the most populous nation in Europe. Russia became an independent country after the dissolution of the Soviet Union in December 1991.

Moscow is the capital and most populous city of Russia. Moscow is the second most populous city in Europe. Moscow is a major political, economic, cultural, and scientific centre of Russia and Eastern Europe. Moscow is situated on the banks of Moskva River in the Central Federal District of European Russia and making it Europe's most populated Inland city. The city is well known for its architecture, it is one of the greenest capitals and major cities in Europe and the world

Russian Federation is the country that always had very high level of medical education. It is the country where were made a lot of greatest medical discoveries, where were born a lot of greatest scientists. Russian State Medical Universities are well known in all over the world. Lot of medical research institutes are working under Russian Medical Universities. Several prominent Scientists, Professors and Medical Practitioners were studied and worked at various Russian State Universities. They gave a great attribute to the world of medical sciences and researches. The medical education in Russia always had and has the best quality. The Government of Russian Federation takes care of the education system along with that it keeps control on management of all educational institutions.

GLIMPSES OF SARANSK– REPUBLIC OF MORDOVIA RUSSIAN FEDERATION

Saransk (Саранск) is the capital city of the Republic of Mordovia, Russian Federation (European Russia). Saransk is located in the Volga basin at the confluence of Saranka and Insar Rivers which is about 625 kilometres (on road) southeast of MOSCOW, the capital city of Russian Federation.

The current name, "Saransk", refers to the city's situation on the bed of Saranka River. Soon after its founding in 1641, the city became a very important trade/business's centre for nearby Erzya villagers. After 1708 Saransk was assigned to Azov Province. Later to the Kazan Governorate, in 1780 the settlement was granted town status and was again transferred to the Penza Governorate. In 1928 Saransk became the administrative centre of the newly established Mordvin National Okrug, which became the Mordovian Autonomous Oblast in 1930. Soviet Union planners reconstructed the old city centre in the 1960s and 1970s, adding wide streets and planning the construction of massive residential areas. The pleasant and beautiful city, 'Saransk' is home to Mordovia State University as well as several educational technical colleges.

The Saransk is well connected by National Highways with Moscow and other Russian cities. City has an International Airport and 2 Railway Stations. There are several Flights and Trains to and from Moscow daily.

Population of Saransk is about 3 lakhs with the density of 775 per square kilometre. Saransk has a relatively chilly version of the humid continental climate with warm but not hot summers and cold winters, the averages of well below freezing is four months of the year. Saransk has three Orthodox Churches and three Mosques. The main cathedral in Saransk is Cathedral of St. Theodore Ushakov.

Russia has eleven time zones. Time difference between New Delhi and Moscow is +2.30 hours. Saransk follows the time zone as Moscow city (GMT+2.5). Russia shares land borders with Norway, Finland, China, N Korea, Estonia, Georgia, Mongolia, Ukraine, Kazakhstan, Azerbaijan, Belarus, Lithuania and Latvia. Russian Federation shares maritime borders with Japan by the Sea of Okhotsk and US. Vladimir Ilyich Ulyanov, better known by the alias LENIN's mother land of Russia has developed and launched the world's first artificial Earth Satellite also sent the first astronaut Yuri Gagarin to the Space. There are many notable or world prominent scientists from Russia. Nowadays, Russia has gained high popularity among the students from around the world who are interested in studying MEDICINE abroad. Many Indian Students prefer Russian Universities to study General Medicine, due to high level education with affordable fee. Saransk was one of the Host cities of 2018 FIFA World Cup.

NATIONAL RESEARCH OGAREV MORDOVIA STATE UNIVERSITY

National Research Ogarev Mordovia State University (formerly known as N. P. Ogarev Mordovia State University-MRSU) is situated in Saransk, capital of the Republic of Mordovia, 620 kilometres south east of Moscow. University has 28 academic buildings and 14 residence halls. Founded in 1931 as the Agronomy Pedagogical Institute it gradually expanded and granted the University status in 1957. Its appearance was a milestone in the evolution of quality education in the Republic of Mordovia. The great majority of eligible Mordovian students choose Ogarev Mordovia State University. This determines its pivotal role as a centre of education, research, culture and services for Mordovia and its people. Mordovian State University is the leading university in the Volga Region. Mordovian State University is the centre of higher education, science and culture of the Republic of Mordovia. Ogarev Mordovia State University also provides several academic and non-academic facilities and services to students including a library, housing, sport facilities or activities, study abroad and exchange programs, online courses and distance learning opportunities, etc.

UNIVERSITY ACCREDITATION

Ministry of Health and Social Development and Ministry of Higher Education Russian Federation AFFILIATIONS

- Association of Finno-Ugric Universities
- Association of Leading Universities
- Eurasian Universities Association

The University has a student population composed of over 13000 full timers, 8000-part timers and 740 evening students. There are also over 1900 international students. From last 10 years the number of foreign Students has increased by 10 times. In 2023 itself Mordovia State University enrolled more than 1000 foreign students.

DURING 2010, THE FEDERAL GOVERNMENT OF RUSSIAN FEDERATION HAS CONFERRED MRSU AS CATEGORY OF A "NATIONAL RESEARCH UNIVERSITY" OF THE COUNTRY. PRESENTLY THE UNIVERSITY IS RANKED 1ST IN VOLGA REGION, 14TH RANKING AMONG ALL OTHER RUSSIAN UNIVERSITIES AND PLACED 43TH POSITION OUT OF MORE THAN 450 UNIVERSITIES OF BRICS COUNTRIES.

FACULTY OF "GENERAL MEDICINE" (MEDICAL INSTITUTE)

The faculty of "GENERAL MEDICINE" is a leading and important Department of National Research N P Ogarev Mordovia State University Saransk. The Medical Institute of MRSU is the largest educational, intellectual, scientific research and cultural centre of Russia, largely determines the direction and pace of socio economic, political and spiritual life of the region and country.

Faculty of Medicine was opened on July 1st 1967 by the Ministry of Higher Education and Science of Russian Government. Annual enrolment is 175 students in the specialty "General Medicine"

The training infrastructure is represented by 20 departments, division's practical training of students, and the regional educational, scientific and medical research complex. Postgraduate and additional education department provided clinical internship, the department of clinical internship, a centre of advanced medicine and retraining. The Institute of Medicine has adequate space, logistical and clinical base for training highly qualified specialists. There are four academic buildings, there the classes of theories, practical lab's, computer and eight video halls, language laboratory, a library of medical literature, reading room, conference and sports facilities, etc.

Five year's course and eight months Training of Physicians in full time English medium has started in three specialties is - "Medicine" and "Paediatrics" and in 2011, the specialty of "Pharmacy". Currently, the Institute has students from different regions of the Russian Federation, America, Asia, Europe, Middle East and Africa, etc.

RAILWAY STATION SARANSK For International (Indian) students, all theory/practical classes and examinations are conducted in medium of English.

International admissions (India) to the Faculty of General Medicine - MRSU are solemnly authorized to New Era Study Pvt Ltd, India. As per the Russian education system all examinations are held at the end of every semester with the marks given in unique grading systems. University offers credit by all examinations. Students should make a habit of paying close attention to their examinations and must obtain Grade 3 (60%), it's the minimum pass marks for the subjects like Anatomy, Histology, Biology, Medical Physics, Informatics and Philosophy, etc. For every semester examination, there are 3 chances given for improving the marks of individual subjects if necessary. Normally the result (pass or fail) will be indicated to the students on the same day of examinations held. If any student fails in any of subjects, they get improvement chances. Students can re-appear only for those failed subjects in second or third attempts which will be normally conducted within a few days after the completion of first examinations. By three chances, students have to pass all university examinations for promoting to the next academic year. The assessment of student's performance is based on the class participation (attendances), Term end and oral examinations (viva).

WHY STUDENTS DO CHOOSES MRSU FOR THEIR DESTINATION?

Only here the student's hospital practices and trainings are conducted in more than 27 Government Hospitals/Clinics. Those clinical departments/major hospitals are located in various part of Saransk city. Medical students are actively involved in the All-Russia and International competitions and publications of scientific works, Sports and Arts. On publication of PhD and research theories, now the Institute is placed 4th among all the medical schools of the country and 1st place among the medical schools of the Volga region. The university will provide from 1st up to 3rd years Russian language and its grammar classes. The normal class time is about 8.00 am to 6.30 pm which depends upon the subjects. All group lectures are at the main building of university and other theory classes and practical sessions are held in main building number 11 & 13.

Students are divided in groups and any class rooms will not have more than 12 students except for main lectures. There is no dress code or uniforms for students but wearing of white overcoats and caps are compulsory for all theory and practical classes, students will not be allowed to attend the classes without wearing overcoats. Every year the post-graduation education is trained in about 50 foreign specialists (specialties are: cardiology, obstetrics and gynaecology, otolaryngology, ophthalmology, functional diagnostics, surgery, neurology, internal medicine, traumatology and orthopaedics, urology, etc.). At the end of every semester there will be hospital training sessions. During the summer vacations of all international students, university insists a 15-day compulsory hospital training at Saransk or in their own home country. MRSU has made an agreement with four hospitals in India to conduct the summer vacation training camps. Students will receive a diary from the University and has to be filled (details of practices done on everyday basis) and signed by the competent authority of affiliated hospitals. Upon successful completion of 5.8 years medical programmes the graduates receive the certificates approved by Russian Federal Ministry of Science and Education. Medical internship may be allowed to do in Russia or any other countries of student's choice. More than 3700 students have passed out from MRSU and practicing as professional Doctors in various countries.

WORLD ACCREDITATIONS: MORDOVIA STATE UNIVERSITY (MRSU)

The screenshot shows the 'World Directory of Medical Schools' website. The header includes navigation links: Home, About, Sponsors, Subscription, and Search. Below the header, the breadcrumb trail is 'Home > Search > School Details'. The main heading is 'National Research Ogarev Mordovia State University Medical Faculty' with a sub-heading 'Russian Federation'. A tabbed interface shows 'School Details' selected. The details include: School Type: Public; Year Instruction Started: 1967; Operational Status: Currently operational; Alternate Names: Mordovian P. O. Orogev State University, Ogarev Mordovia State University Medical Faculty (2010 - 2016), Mordovian State University 'N. P. Ogarev' Medical Faculty (1957 - 2010); School Website(s): In Russian, In English. At the bottom, it shows 'FAIMER SCHOOL ID: F0000293' and a copyright notice for 2014-2025.

SYLLABUS AND SUBJECTS OF CHOICE

SYLLABUS COVERED FOR STUDENTS IN Mordovia State University (MEDICAL INSTITUTE)

1	First aid in pre-hospital phase
2	Medical Physics & Mathematics
3	Medical Chemistry
4	Basic Bioorganic Chemistry
5	Medical Economics
6	History of Russia
7	Latin Language
8	Medical Biology
9	Anatomy
10	Jurisprudence
11	Medical Informatics
12	Mineral metabolism
13	History of Medicine
14	Psychology & Pedagogy
15	Histology, Embryology & Cytology
16	Anatomy of systems of Neuroimmunoendocrinology
17	Histophysiology of digestive systems
18	Information technology in medicine
19	Philosophy
20	Bio-chemistry
21	Normal Physiology
22	Life safety and disaster medicine
23	Bio ethics
24	Clinical Physiology
25	Microbiology & Virology
26	Hygiene
27	Propaedeutics of internal Diseases & Radio diagnosis
28	Immunology
29	Pharmacology
30	Pathological Anatomy
31	Pathological Physiology

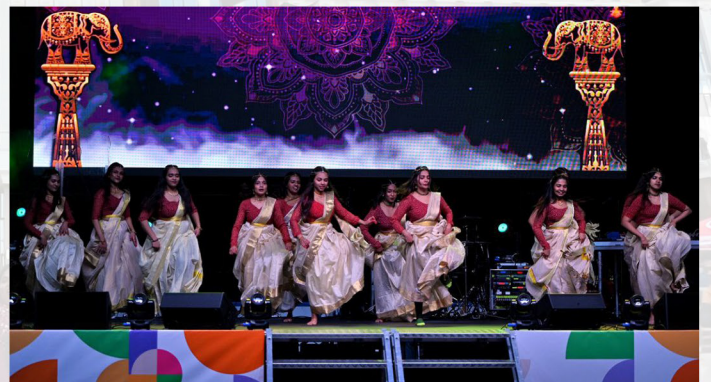

32	General Surgery & Radio diagnosis
33	Topographical Anatomy & Operative Surgery
34	Public Health and Health Care & Economics of Health Care
35	Clinical Pathological Anatomy
36	Clinical Pathological Physiology
37	Medical Rehabilitation
38	E.N.T.
39	Neurology, Medical Genetics & Neurosurgery
40	Facultative Therapy & Professional Diseases
41	Facultative Surgery & Urology
42	Obstetrics and Gynaecology
43	Ophthalmology
44	Paediatrics
45	Dermatology & Venereology
46	Psychiatry & Medical Psychology
47	Stomatology
48	Infectious Diseases
49	Hospital Surgery & Paediatric Surgery
50	Hospital Therapy & Endocrinology
51	Out-Patient Therapy
52	Orthopaedics & Traumatology
53	Epidemiology
54	Clinical Pharmacology
55	Forensic Medicine
56	Anaesthesiology, Resuscitation & Intensive Therapy
57	Phthisiatry/Phthisiology
58	Oncology & Radiotherapy
59	Functional Diagnostics in the Clinic of Internal Medicine
60	Clinical Allergology
61	Russian Language
62	Physical Training

SUBJECTS OF CHOICE

A	Basics of Plastic Surgery/ Prosthetics of Joints	C	Ultrasound Diagnostics in the Clinic of Internal Medicine/ Basics of Perinatology/ Modern Surgical Technology.
B	Clinical & Laboratory Diagnostics in Immunology/ Current Issues of Clinical Immunology in Human Pathology.	D	High-Tech Treatments in Cardiology/ Hormone Replacement therapy in Peri- and Postmenopaus/ Modern Endo video surgical Tech.
